July 8 Exhibit closes.

July 9 Photos will be picked up from 10-noon.

Rules:

Entries can be color or black and white.

Entries must be from one of the field trip venues listed below.

Photographers did not have to visit the venue on one of the club trips as they could have visited independently.

Each photographer can submit up to three images of each of the field trip venues.

Photos which were exhibited in the Library Exhibit in December/January of 2023-24 will not be permitted.

Entries will be digitally submitted to the online gallery using the link on the CCHHI web site. If you encounter difficulties, please directly contact Jean-Marie Cote at the following email address: jmcote2013@gmail. Any other technical questions should be directed to Jean Marie at the same email address. Each digital image will be sized to 1500 pixels on the long side.

Each entry will be digitally identified by the location (L), sequence number (N) and the name of the photographer. A template, available on the website, is provided to record your entry and automatically generate the file name for you, using the list of venues. For example: the first photo taken at the Charleston Historic Center will be named: L06-1 <your name>. 2 photos at #12 will be: L12-1 <your name>; L12-2 <your name>.

Go to the end of this document to access two instructional videos (how to) and links to upload files.

Digital images will not contain watermarks indicating who the photographer is.

Approximately 100 images will be selected by a panel assembled by CDM.

The photographers of the selected images will notify the CCHHI of their commitment to submit a finished image and a price for each photograph. They will also submit a \$5 hanging fee to CCHHI to cover our half of the reception. A form for this purpose will be emailed to the photographers of selected photos.

Wall labels for each photo will be produced and applied to the wall adjacent to each photo by CDM. The labels will show the photographer's name and price.

Selected images will be printed, matted and framed by the photographers.

There is no restriction on the size of the finished framed photo and a variety of sizes is encouraged to ensure a more interesting exhibit.

Any medium of print material can be used except canvas. Materials such as metal or glass do not need to be framed.

Watermarks on the print will be permitted.

In pricing images, the photographer needs to consider that CDM will retain a 40% commission on sold items. It is suggested that they be priced at a minimum of \$300 each.

Pricing strategy: (total cost + desired profit) x 1.7 (ex: (\$60 + \$125) x 1.7 = \$315)

Bin Art in the form of matted prints no larger than 16"x20" will be sold in the gift shop as long as they are protected by cellophane covers and should not be prints of photos in the exhibit. The commission on bin art and photo note cards will be 35%. Photo note cards will be 4"x6". Further details will be forthcoming.

People who purchase framed photos from the exhibit will be encouraged to leave them in the exhibit until it closes and a sticker identifying them as sold will be placed on the wall label. In the event that the purchaser insists that they must take it home on the date of purchase, the photographer will be contacted in an effort to replace it. Given the time required to produce a new photo, the amount of time left in the exhibit will be a consideration in replacing it.
